

Dear Friends,

I am pleased to formally announce **Yuvarambh 2026**, Bright Future India's **Young Summit for Entrepreneurship**. The summit will take place on **16 and 17 February 2026 in Mumbai**.

### What is the Young Summit for Entrepreneurship, Yuvarambh 2026

Yuvarambh 2026 is a purpose-driven young people's summit designed to nurture entrepreneurial thinking, action, and confidence among young people. It is not a conference, but a **hands-on entrepreneurship immersion**, where young people explore ideas, test possibilities, and take their first steps towards building sustainable livelihoods.

Yuvarambh represents big thinking grounded in real-world action. It creates a space where Youth are not passive listeners, but active builders of their own futures.

### Why we are hosting the Young Summit for Entrepreneurship, Yuvarambh 2026

Across India, Youth aspirations are changing. Increasingly, young people, especially those from first-generation and marginalised backgrounds, are seeking to create their own opportunities rather than only search for jobs. However, they often lack exposure, mentorship, confidence, networks, and early-stage guidance.

Yuvarambh 2026 responds to this reality. It is our effort to move Youth from aspiration to capability, from ideas to action, and from uncertainty to possibility. Through this summit, we aim to make entrepreneurship a **dignified, practical, and locally relevant pathway**, not something distant or elite.

### What to expect from the Young Summit for Entrepreneurship, Yuvarambh 2026

Yuvarambh 2026 is designed as a **one-and-a-half-day immersive entrepreneurship experience** that blends inspiration with practical learning and deep engagement.

### Key elements of the summit include

- An inspirational keynote by a relatable entrepreneur
- An ecosystem panel focused on enabling young entrepreneurship
